# City of Shafter COUNCIL AGENDA REPORT

---

Meeting Date: June 23, 2020

FROM: Gabriel Gonzalez, City Manager  
Prepared By: Bill Statler, Budget Advisor

SUBJECT: 2020-21 APPROPRIATIONS LIMIT

## **RECOMMENDATION**

Adopt a resolution establishing the City's 2020-21 Appropriations Limit.

## **DISCUSSION**

### **Overview**

Under the Gann Spending-Limitation Initiative (Article XIII B of the State Constitution) adopted as Proposition 4 in June 1979 (and subsequently modified by Proposition 111 in June 1990), the City is required to annually adopt a resolution setting an appropriations limit for the upcoming fiscal year. For 2020-21, the City's appropriations subject to limitation are about \$21.1 million, which is far less than the calculated limit of \$322.3 million.

### **Background and Key Concepts**

The Gann Spending-Limitation Initiative provides for the limitation of state and local government appropriations. As discussed in the following summary of the major provisions of the Gann Initiative and Proposition 111 modifications, the Gann Initiative is actually a limitation on tax revenues rather than a direct limitation on appropriations.

1. Appropriations subject to limitation may not exceed appropriations made in 1978-79 except as adjusted for increases in the cost of living, population and service responsibility transfers.
2. Appropriations financed through service fees (to the degree that they do not exceed the cost of performing the service), grant programs, fines and forfeitures, and other specified "non-tax" sources are not subject to the appropriations limit. Additionally, appropriations for long-term indebtedness incurred prior to 1978-79, debt service on qualified capital outlays beginning in 1990-91, qualified capital outlays in excess of \$100,000 and increased costs as a result of federally mandated programs, are also excluded from the limit. Essentially, with the exception of major capital-related expenditures, only appropriations funded through tax revenues are subject to limitation.
3. For the purpose of identifying "proceeds from taxes" under the Gann Initiative, state subventions that are unrestricted as to their use are considered to be tax sources. On the other hand, the use of subventions like gas tax and transportation development act funds is restricted by the State, and as such, is classified as non-tax sources.

## **2020-21 Appropriations Limit**

---

4. Under the original Gann Initiative, all proceeds from taxes received in excess of the appropriations limit were required to be returned through refunds or revisions in tax rates and fee schedules within the next two fiscal years; or voter approval to increase the appropriations limit was required. Proposition 111 provides a one-year carryover feature to determine excess revenues under which refunds can be avoided if in the subsequent year the City is below the limit by the amount of the prior year excess. Any voter-approved increase to the appropriations limit cannot exceed four years.
5. Originally, the Gann Initiative was self-executing, requiring no formal review; however, Proposition 111 requires that the annual calculation be reviewed as part of the annual financial audit.
6. Major concepts in implementing the Gann Initiative as modified by Proposition 111 include: appropriations funded through tax sources are subject to the limit, not actual expenditures; and any excess of actual tax revenues over the appropriations limit, not actual expenditures or appropriations, are subject to refund.

### **Adjustment Factors**

The annual adjustment factors for changes in population and cost of living for the appropriations limit calculation must be selected by a recorded vote of the Council, and include the following:

1. **Population.** Based on data provided annually by the State Department of Finance, cities may annually choose either the growth in their city's or the county's population.

For this year's calculation, the City's population growth factor (which exceeded the County's factor) is the recommended adjustment factor.

2. **Cost of living.** Local governments may annually choose either the percentage change in California per capita personal income or the percentage change in their jurisdiction's assessed valuation that is attributable to non-residential new construction.

For this year's calculation - as in past years - the City's percentage change in assessed valuation attributable to non-residential new construction (which exceeded the increase in California per capita personal income) is the recommended adjustment factor.

### **Calculation Summary**

The City's appropriation limit for 2020-21 is \$322,310,313 calculated as follows:

## 2020-21 Appropriations Limit

---

<b>Appropriations Limit Calculation</b>	
2019-20 Appropriations Limit	\$286,931,642
Adjustment Factors	
A. Cost of Living Options

Meeting Date: June 23, 2020

FROM: Gabriel Gonzalez, City Manager  
Prepared By: Bill Statler, Budget Advisor

SUBJECT: 2020-21 BUDGET ADOPTION

## RECOMMENDATION

Adopt a resolution approving the 2020-21 Budget.

## DISCUSSION

As summarized below, the Council has held seven budget workshops leading to adoption of the 2020-21 Budget on June 23, 2020.

Date	Purpose
April 16	Strategic Planning Workshop
April 28	Strategic Budget Direction
May 12	Budget and Fiscal Policies; 2019-20 General Fund Budget Review
June 1	Preliminary Budget Issuance
June 2	Preliminary Budget Preview: Organization and Schedule
June 11	Preliminary Budget: Overview and General Fund
June 15	Preliminary Budget: Special and Enterprise Funds
June 23	Council Final Review and Budget Adoption

## Preliminary Budget Changes

The following summarizes changes from the Preliminary Budget:

**Restoration of Funding for Two Police Officer Positions.** While retaining authorized positions, the Preliminary Budget recommended funding three of eleven General Fund vacant regular full-time positions in 2020-21 (see sidebar chart): Administrative Services Director and two Police Officer positions, (leaving eight positions unfilled, including two other Police Officer positions).

At the June 11 budget workshop, the Council directed filling and funding all four vacant Police

### Regular Staff Vacancies

Position Title	Department	Vacancies
<b>General Fund</b>		
Administrative Services Director (1)	Administrative Services	1.0
Account Clerk	Administrative Services	1.0
Community Service Analyst	Planning	1.0
Laborer I	Public Works	1.0
Maintenance Worker	Public Works	1.0
Streets Foreman	Public Works	1.0
Police Lieutenant	Police	1.0
Police Officer (2)	Police	4.0

## 2020-21 Budget Adoption

---

Officer positions. The Council also directed staff look at funding the two added positions (which cost \$200,000) without drawing down on the unassigned fund balance. Two funding sources are recommended in doing so:

**Expenditure savings.** “Use or lose it” may be the norm in some organizations, However, for many cities, it is unlikely that all appropriations will be expended by fiscal year-end; and this is the case for the City as well. Accordingly, many cities use an “expenditure savings” estimate to account for these likely savings. This estimate is typically made based on past experience but applied conservatively. It is not assigned to any specific department but accounted for as a “contra account” with other sources and uses. This approach is recommended in helping fund the two added Police Officer positions. With proposed 2020-21 departmental operating costs of \$16,329,736, a 1% expenditure savings estimate reduces net costs by \$163,300.

**Police line items.** In providing the balance of \$36,700 needed to fund the \$200,000 cost of these two positions, the following Police line items are recommended for reduction from the Preliminary Budget :

Overtime	\$10,000
Department supplies	7,600
Software licensing	10,000
Professional services	10,000

**Other Budget Changes.** As discussed at the June 15 budget workshop, the 2021-21 Budget will include the following minor corrections:

- Staffing costs in the Water and Wastewater Funds.
- Revisions in several Capital Improvement Plan projects.
- Reduction of \$30,000 in the Information Technology Internal Service Fund (and related reductions in ISF allocations to other funds).

### Next Steps

With Council adoption of the 2020-21 Budget, we will prepare and distribute a final version reflecting the changes from the Preliminary Budget. Along with printed distribution, the Budget will also be published on the City’s web site.
